

Dear Member,

As a Club, we have a lot to contemplate and many decisions to make.

We appreciate that you may have questions and concerns and ask that you remain patient as we deal with this new reality. Our members are very important to us, in the near future we will be addressing your membership concerns via email and regular updates on our website www.htsw.net. A primary and large part of our immediate decision making process during the next few days will involve the handling of our 100+ dedicated employees.

Warm Regards,

Cris Castillo
General Manager
HealthTrack Sports Wellness
