

Dear HealthTrack Member,

Governor J.B. Pritzker announced that the State of Illinois will move to Tier 3 resurgence mitigations beginning **Friday, November 20th** and the State will re-evaluate this tier every two weeks going forward.

In our attempt to comply with this new Tier, we will be implementing the following changes beginning this Friday until further notice:

- All persons entering and utilizing the Club will be required to wear a functional mouth and nose face covering at **ALL** times, including while engaged in individual exercise regardless of person or machine spacing
- All Group Fitness Classes are suspended, including water classes
- Locker Room Showers will be closed. Washrooms and sinks shall remain available.

We are pleased to announce that we are still open and offering access to the vast majority of our equipment as well as Personalized Training Services. Please contact the Club or your service provider for more specific details.

HTSW recognizes that the unique services we offer are an essential part of your mental, emotional and physical wellbeing. We are committed to providing you with a healthy workout environment and remaining open as we all struggle to get through this epidemic. In order to remain open, we need all our members to follow the Covid 19 Safety Protocols and to support the Club financially through your membership dues as we fight to outlast the ramifications of this catastrophic event.

Wishing you the best of health!

Cris Castillo
General Manager
HealthTrack Sports Wellness
