

Dear HealthTrack Member,

We are pleased to announce that in accordance with the anticipated statement from our Governor, HTSW will be Mask Optional beginning Monday, February 28, 2022.

We encourage all of you to continue to take proper health precautions as we move forward. Please do not utilize HTSW if you have a fever, feel sick or have been around others that are sick.

All staff members will be Mask Optional, except The Children's Activity Center Staff shall continue to wear masks during this new phase.

Thank you all for your tremendous support during these strange times and for your continued support in promoting better health for us all.

Best of health & happiness,
Cris Castillo
General Manager
HealthTrack Sports Wellness
